The Program...

- ESS Interns are current, or recently graduated college students who commit to work part-time for the ten-week/140hr. summer program.
- Guided by experienced staff, interns will work on a variety of hands-on projects in an urban park setting. Experiences may include invasive species control, construction, trail maintenance, ecological surveys, habitat restoration, mapping, facility maintenance, and more.

The Benefits...

- Make connections with knowledgeable staff from a variety of fields and maybe even a future employer.
- Interns receive hourly compensation (\$10/hr), and upon completion of the program, interns

Hartley Nature Center is dedicated to inspiring lifelong connections with nature through education, play and
